Subject:	Tech lit time

For your information, this is what I will be basing the grant of other time for tech lit on.

"In arts involving *rapid technical advances*, it is recognized that the *reading, copying and classifying* of technical publications may require a *substantial* amount of time. Accordingly, supervisors shall grant professionals a reasonable amount of non-production time per biweek, for this purpose." "Reasonable time does not necessarily mean actual time since there are times when a *professional employee, acting in a professional capacity, can be expected to devote time to enhancement of knowledge outside of on-duty hours.*" (emphasis added)

-Section 2 of Article 8 of the POPA agreement and implementation.
